12 Test Use Case 1: Sign-Up

Evaluation Criteria (Tests):

- Able to sign new user up (100% acceptance)
- Sign-Up fails when incorrect email address is entered (100% acceptance)

14 Test Use Case 10: Sign-In

Evaluation Criteria (Tests):

- Registered user is able to log into the system (100% acceptance)
- Non-Registered user is not able to log into the system (100% acceptance)
- If user forgets password, able to submit request for a new password and have this password emailed to them (0% acceptance - not something that is

16 Test Use Case 11: Sign-Out

Evaluation Criteria (Tests):

- User able to sign out (100% acceptance)

18 Test Use Case 3: Update Data by User

Evaluation Criteria (Tests):

- User able to import data (100% acceptance)

20 Test Use Case 9: Current Road Activities

Evaluation criteria (tests):

- User able to sort to show activities for that day (100% acceptance)

22 Test Deployment Script

Evaluation Criteria (Tests):

- Admin should be able to deploy the application from git by running a script (99% acceptance)

23 Deliver Demo of Working System

Evaluation Criteria (Test):

- Everything works correctly (90% acceptance)
- Favorable response from instructor (95% acceptance)

31 Test Use Case 2: Update Data by System

Evaluation Criteria (Tests):

- System imports data from ODOT in configured intervals (100% acceptance)

33 Test Use Case 4: Analyze Road Activity

Evaluation Criteria (Tests):

- User is able to Category, Start Date, and End Date to analyze and filter data (100% acceptance)

35 Test Use Case 5: Enter Roads Travelled

Evaluation Criteria (Tests):

- User is able to add Roads that the user travels, including start and end mile markers, days of the week they travel, and start and end times (100% acceptance)

37 Use Case 14: View All Travel Paths

Evaluation Criteria (Tests):

- User is able to view all travel paths (100% acceptance)

39 Use Case 15: Edit Travel Path

Evaluation Criteria (Tests):

- User is able to edit travel roads they submitted, this includes the road, start and end mile, start and end time, and days of the week (100% acceptance)
